WASHINGTON-The Munsey Building, CHICAGO-208 South La Salle St. LONDON-40-43 Fleet St. PARIS-49 Avenue de l'Opera, 38 Rue du

THE New York Heralp was founded by James Gordon Bennett in 1835. It remained the sole property of its founder until his death, in 1872, when his son, also James Gordon Bennett, succeeded to the ownership of the paper, which remained in his hands until his death, in 1818. The Heralp became the property of Frank A. Munsey, its present owner, in 1920.

The New York Heralp was founded by World that is willing to work as all farmer before the liquid for himself.

As for the new condition of the Old work as all must work long and faithfully to did themselves out of the economic pect of a huge surple with the property of Frank A. Munsey, its present owner, in 1920.

Our Export Trade Collapse.

Qualified by the contingency that Europe has yet to make payments on its war debt here, the report of our foreign trade in April reveals an astounding reversal of form by which America on goods and gold account comparatively few times in the country's history. The significance of this debit balance in gold and goods, mainly that Europe is getting back the sub-contractors to be released. en its feet much faster than even the extended abroad.

the preliminary report of the Depart- through his own default. ment of Commerce, consisted of \$340,balance on goods of \$85,1 leaving a balance against us on gold of his conduct in the hospital affair. and goods combined of \$7,000,000. A Perhaps they did things a little fuller analysis of this new trend in more roughly in Tween's time, but the Quarantine Station at Rosebank, our visible trade balance and its reelsewhere in this paper.

Plain indications have not been the way. Our imports from that continent in the last nine months have increased to nearly three times what they were in the similar period of the 1919 fiscal year, while our exports have gone off about 40 per cent. In the same time. The recent strength of exchange rates on England, France, Belgium and Italy, culminating in the precipitate advance of the last cleaning in New York. fortnight, comes as a direct effect of the shift in our trade balance

There is only one conclusion to be drawn from these trade revelations. America must adopt a fresh viewimpotent commercially and financially for years. We must face the more able to produce, while our high
